Work History

January 2014 - present **Lyft Driver**

San Francisco

As a driver, I maintained my expenses and ran this as a side business while working other jobs. I have kept a high rating, which is indicative of what individuals rate my customer service performance. I'm frequently brought into unusual or demanding situations while driving.

September 2015 - May 2017 **Lab Technician**

Sunland Analytical, Rancho Cordova

Lab Technician Oversaw the initial entry and processing of received samples. Once entered, I led in the extraction of the samples via liquid phase extraction. After extraction I also handled the analyses for the samples. Besides the analyses and entry of the samples, I provided customer service to all customers on the phone and in person. My duties also included handling and maintaining analytical hardware and company computers. Assisted in the multiple roles of this small businesses(administrative, accounting, customer relations, and analytical testing).

March 2014 - June 2015 **Lab Technician**

American River College, Sacramento

Prepared course material for several Biology Lab Courses, which included; Media, Solutions, Lab Equipment, Bacterial Strains, Fungi, Preserved Specimens for Dissection, Live Animals and Plants. My job duties required me to demonstrate knowledge involving; Time Management, Communication, Chemistry, Microbiology, Botany, Zoology, Solution and Dilution Techniques, and Microbial Media Preparation. I frequently used efficient skills in multitasking and time management to effectively handle multiple courses, all with different professors. And sufficiently produced items that were shared between 11 courses throughout the week. Some within the same class hour.

August 2007 - January 2012 **Photo Specialist**

Walgreens, Sacramento

Handled merchandise stocks and inventory for the food and incontinence departments. Developed organizational systems for maintaining; lab expenses, solutions, developers and printers. Provided quality customer service to maintain customer satisfaction. Used oral communication in selling specialty items and for when handling customer service phone calls. Frequently handled hazardous material, Solutions, and Buffers. I was also required to know lab safety, procedures, maintenance of machines and Silver Retaining Unit (SRU).
